BEYOND THE LINES

Beyond the Lines 讲述运动与设计的故事：同为性能而生，为细节而磨，为越过极限而前行。可丽芙以肌理赋形，将饰面材料变成视觉能量与节奏。2026年，这一主题将以CCube公司展厅与上海展厅为起点，延展至米兰家具展、SICAM 展及广州设计周，在不同场域中持续呈现。

Beyond the Lines tells the story of the meeting between sport and design: two worlds united by the pursuit of performance, attention to detail, and the desire to surpass their own limits. Cleaf surfaces interpret this tension, transforming material into visual energy, rhythm, and movement. In 2026, the theme will be showcased at the CCube corporate showroom, the Shanghai showroom, the Salone del Mobile, Sicam and during Guangzhou Design Week.

CCUBE

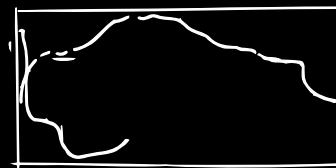

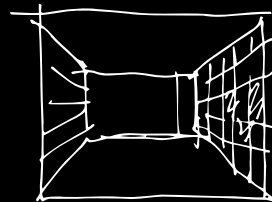

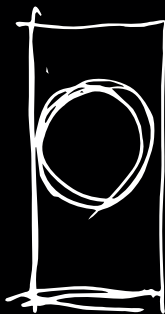

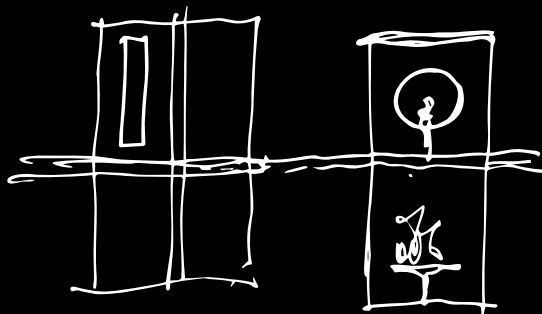

自2013年以来，**CCube**始终作为品牌的创意孵化器，一处专注于饰面文化的探索空间。

今年，可丽芙携手 Lissoni & Partners 呈现 **Beyond the Lines** 项目。以“运动”为隐喻，探讨设计是否也能够如同体育竞技般，在突破边界、重塑极限、开启新的视角与机遇中释放真正的能量。

Since 2013 the creative heart is the **CCube**, a place devoted to the culture of surfaces. On the occasion of **Milan Design Week 2026**, Cleaf presents **Beyond the Lines**, a project developed in collaboration with Lissoni & Partners.

An installation that invites visitors to discover what happens when design, like sport, finds its true strength in going beyond, redefining boundaries, perspectives, and possibilities.

ANNARA

ANNARA 阿纳拉的灵感源自柚木，细腻的笔触描摹出清晰的木纹脉络。其名称取自“年轮”的方言词汇，象征着延续与演变，让时间的痕迹在层层沉淀中，转化为优雅而独特的材质表达。

ANNARA is a texture inspired by teak, enhancing the wood's dense and well-defined structure. Its name comes from a dialect word referring to the growth ring of a tree trunk, a symbol of continuity and evolution, where the passage of time becomes a refined material identity.
